

UKRG Annual Workshop Bournville 2019

Registration information

The UKRG committee are pleased to announce the launch of the UKRG Annual Workshop. It will be held on Friday 11th January 2019 at The Beeches conference venue in Bournville, Birmingham.

Registration is now open and all visitors – committee members, speakers, delegates, students and exhibitors – are invited to register through the website.

Accommodation

Visitors are offered onsite accommodation at The Beeches. This beautiful, historic property was built in the 1900s by the Cadbury family and is surrounded by five acres of landscaped grounds. A double bedroom with en suite costs £95 per night including breakfast.

Please make sure you book your accommodation here promptly as there are a limited number of rooms. Accommodation booking will be open until 31st December 2018.

Exhibitors

Exhibitors form an integral part of the workshop, allowing attendees to look at equipment, devices and literature about new radiopharmaceuticals. The exhibitors' registration fee covers the attendance of one person at the workshop and a tabletop display area for an exhibit. There is an additional fee if any other members from the same organisation wish to attend – see the registration page for these costs.

Exhibitors can include promotional material in the delegates' conference bags for a small additional fee.
